FOR BUSINESS OWNERS AND FOR PROFESSIONALS, THE SAME QUESTION HAunts US ALL:
HOW CAN I AFFORD TO PROVIDE QUALITY MEDICAL BENEFITS FOR MY EMPLOYEES IN THIS ECONOMY?

Business owners and HR professionals have been asking us: "How can I afford to provide quality medical benefits for my employees in this economy?" Using an efficient design of High Deductible Health Plan with Health Savings Accounts, your costs could be surprisingly affordable. And these plans allow owners and employees to share the cost and assume balanced risk.

The Sexton Benefits Resources team has been consulting mid-size businesses for over 20 years and can guide you in the complex, ever-changing insurance industry. When clients begin working with us, they can save up to 30% of their benefit costs.

You may prefer - or we may find - a PPO, HMO or POS program for you. Matching your benefit goals with the right insurance carrier and program, Sexton Benefits Resources can provide plan design expertise and timely customer support for each of these programs.
